# Miura

### Miura On-Demand Steam Boilers Deliver Better Efficiency

Miura's LX Gas/Low NOx Series – Low and High Pressure Steam Boilers are one of the most reliable and efficient in the world. The modular on-demand steam capability makes Miura boilers well-suited for multi-boiler installations, while operating at greater efficiency throughout the day and reducing wear and tear. 888-309-5574

**FPI and KFM Survey are Open--  
Deadline for Both: December 18**

Tracking Your Facilities Vital Signs

APPA's annual **Facilities Performance Indicators** (FPI) survey is open and ready for your input. The FPI empowers the educational facilities professional with the vital data, statistical references, and reporting tools needed to measure operations and performance, identify capital asset realities, and lead a successful facilities strategy that supports the institution's mission and vision.

In addition, APPA and NACUBO are collecting data for the fourth annual **Key Facilities Metrics** (KFM) survey, which focuses on 5 basic sustainability metrics: Btu; water consumption; waste stream output; electrical; and carbon footprint. **Celebrate Your Campus Achievements...and Your Own  
APPA 2018 Awards Deadline is November 30**

Applications are open for APPA's annual **Institutional** awards (Award for Excellence; Sustainability; and Effective & Innovative Practices) and **Individual** awards (APPA Fellow; Meritorious Service; and Pacesetter). The deadline for consideration for the 2018 awards is **November 30, 2017**. Visit [APPA's award home page](#) for award details and online nomination forms.

Questions about the award process? Contact your regional representative to the [Professional Affairs Committee](#) or contact APPA staff member [Christina Hills](#).

## **Two Great Collaborations Bring Two Great Resources**

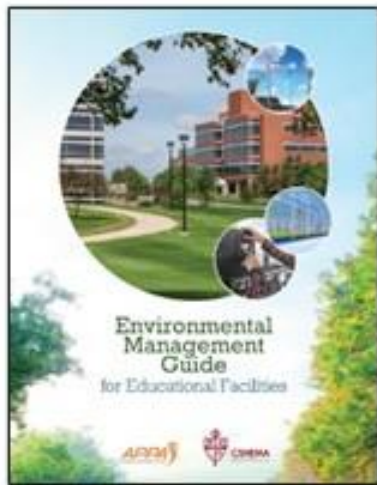

APPA is pleased to announce the recent publication of two new books, both of which are fully revised editions of earlier resources.

***The Building Commissioning Handbook*** was co-published by APPA and the Building Commissioning Association (BCxA).

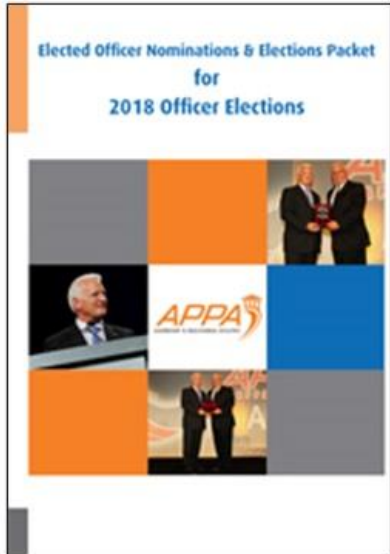

***Environmental Management Guide for Educational Facilities*** was co-published by APPA and the Campus Safety Health and Environmental Management Association (CSHEMA).

Both are available right now from the APPA bookstore.

Visit the [APPA bookstore](#) today for these and many other resources available for educational facilities.

## **APPA Leadership Roles are Open for Nominations and Applications**

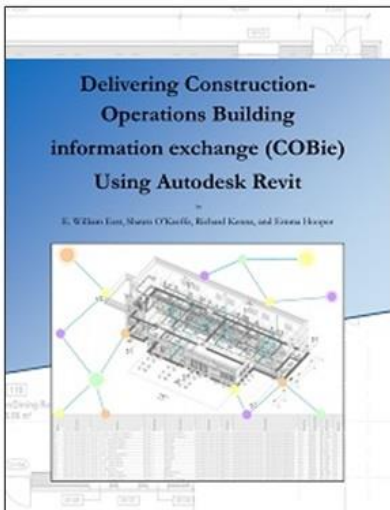

Engaged, committed members are essential to guide the APPA organization and the facilities profession toward a bright and productive future. Dedicated volunteer leadership and service, coupled with a dedicated professional staff, ensures a vibrant future for APPA. The APPA Nominating Committee, led by Immediate Past President Chuck Scott, invites you to nominate yourself or a colleague to one of the available APPA offices in the 2018 elections:

- \* President-Elect
- \* Vice President for Information and Research
- \* Vice President for Professional Development

**December 15, 2017** is the deadline for all application materials.

## **Delivering COBie Using Autodesk Revit**

A team of English, Irish, and U.S. architects and engineers have recently published *Delivering COBie Using Autodesk Revit*, a complete set of open-source models, simulated contract drawings, and files demonstrating the delivery of COBie material (construction-operations building information exchange).

For more information on COBie, visit [https://www.nibs.org/?page=bsa\\_cobie](https://www.nibs.org/?page=bsa_cobie).
