## 2017 Thought Leaders Report Now Available

The 2017 Thought Leaders report focuses on fostering student success in higher education. The report makes the case that student success starts with retention and graduation, but it can expand to include factors from personal career goals to social responsibility. A key message from the report is that through strategic investment in their facilities, colleges and universities can support student success, position the campus for the future, and serve as good stewards of campus assets. The report also stresses that the process must reflect the mission and vision of the campus, thus making the greatest impact possible on the college or university's goals.

All *Thought Leaders* reports are free, thanks to the generosity of sponsors [Jacobs](#), and [Johnson Controls](#), and may be downloaded from the [APPA Website](#).

**Growing Weeders into Leaders:  
Now Available at the APPA Bookstore**

## ***Growing Weeders into Leaders, By Jeff McManus***

Greatness is what we can do...everyday...without recognition or reward, but for the satisfaction that comes from meeting the challenge, creating a team, and overcoming the odds.

Jeff McManus describes the joys, the defeats, the brilliant problem-solving and the "best laid plans" that are proven worthless...until the bigger picture is told. It is the "bigger picture" told from the ground level.

Growing Weeders into Leaders takes you through the practical applications of empowering people to experience not only what it means to grow outstanding landscapes, but also to grow greatness in themselves and encourage it in others.

Published 2017; softcover, 128 pages; Member: \$14.00, Nonmember: \$17.00
