**Only 1 Week Until APPA 2018!**

The **APPA 2018 Annual Conference and Exhibition** will open on August 2 with the SFO Summit and the Welcome Party, followed by three days of learning, networking, and professional development. You will experience thought-provoking general sessions, valuable insights and interactions with our business partners and exhibitors, and tremendous knowledge transfer at our numerous educational sessions. Visit the [conference site](#) for more information, to download the Guidebook of activities, and to register.

See you soon in DC!

## APPA Launches the Continuous Learning Series at APPA U with Short Courses and Workshops

In response to the 2018 Member Survey, APPA is introducing three-day short courses and one-day workshops in providing more technical and leadership professional development offerings to our members. For their inaugural offering, these sessions are co-located at APPA U alongside the Institute for Facilities Management and the Leadership Academy during the week of September 10–13, 2018 in Washington, D.C. at the Omni Shoreham Hotel.

### **Three Day Short Courses:**

*September 10-12, 2018*

[ASHRAE's Fundamental of HVAC Design and Operations](#)

*September 11-13, 2018*

[Navigating the Facilities Portfolio](#)

### **One-Day Workshops:**

*September 10, 2018*

[Leading Your Facilities Organization through an Age of Transformational Change](#)

*September 13, 2018*

[Building the Smart Campus: Employing Fault Detection & Diagnostics](#)

The short courses and workshops will complement each other, and attendees for the ASHRAE's

Fundamental of HVAC Design and Operations course may want to take advantage of the Building the Smart Campus: Employing Fault Detection & Diagnostics workshop as a post-conference option. Similarly, those attending Navigating the Facilities Portfolio should consider attending Monday's workshop on Leading Your Facilities Organization through an Age of Transformational Change.

## July/August Facilities Manager Published

The new issue of *Facilities Manager* has been published, posted online, and placed in the mailstream. This issue will have expanded distribution at the APPA conference in Washington, and you can [read the mobile-friendly version here](#).

The contents include:

- Design and construction standards
- Five-year salary trends for facilities professionals, drawn from the FPI
- An executive summary of recent CFaR research on facility condition assessments
- Measuring maintenance management effectiveness
- Digitizing the electrical infrastructure
- And much more.

## Adapting to the Internet of Things

An article in the July/August issue of **Business Officer** discusses the expansion of the Internet of Things on our campuses and in our lives. "IoT Ready,?" written by Florence D. Hudson, provides a quick definition of IoT, discusses data analytics and ethics, and offers helpful tips on improving the safety and security of your students and staff, as well as your campus' data and digital content.
