Networking and Education Showcased at APPA's Annual Conference

Several hundred energized APPA members and business partners came together in Washington, DC, August 3-5 for APPA's 2018 Annual Conference and Exhibition.

Participants had the opportunity to network with colleagues and learn about some of the most pressing issues facing the rapidly changing industry of facilities management at APPA's premier educational event.

Here are some helpful links:

Register for APPA U Today! September in Washington, DC

APPA U

Mark your calendars and reserve your seat for APPA's foundational professional development programs—the **Institute for Facilities Management** and the **Leadership Academy**. Both programs are presented under the umbrella of APPA U, and the next session will take place at the historic Omni Shoreham Hotel in Washington, DC, right next to Rock Creek Park. The Institute is scheduled for September 9-13, while the Academy has been reconfigured and takes place September 11-13. To learn more about APPA U and to register, click [here](#).

Risk Management is Theme of 2018 Thought Leaders Report

The 2018 Thought Leaders report, *The Landscape, Framework, and Strategies for Managing & Mitigating Risk*, looks at enterprise risk management (ERM) from both a campus-wide perspective as well as how risks affect the facilities organization in its support of the institution.

The PDF report is free, thanks to sponsors [Jacobs](#) and [Johnson Controls](#).

Two New Additions to the APPA Bookstore

The Latest Software Addition to the Operational Guidelines is Now Available: MainOpsStaff

Like the **CleanOpsStaff** and **GoundsOpsStaff** software packages, the **MainOpsStaff** software implements the Aggregate FTE Method Determination protocol contained APPA's Operational Guidelines for Educational Facilities.

Built into the MainOpsStaff software package are the five APPA Maintenance Service Levels, with worksheets for Maintained Space inventory data in GSF or NASF units of measure. All data and reports can be easily exported to Excel, Word, or PowerPoint. In addition, local variables may be configured to meet local conditions for your workforce and campus profile.

The package includes:

- * A copy of the printed book.
- * A product code for activation of the software, and 60 days of free technical support and can extend for six month or one year.
- * It handles 5,000 records and is capable of handling all functions for small to medium-sized campuses.
- * You can purchase an upgrade to an additional record capacity up to 20,000 records and import your space inventory data from Excel workbooks.
- * You can also purchase live online training and implementation support is provided via phone and webinar session. **(A766-P)**

Building Total Enterprise Asset Management Solutions: A Guide to Capital Needs Analysis

By Douglas K. Christensen and Cameron R. Christensen

Foreword by E. Lander Medlin, APPA Executive Vice President

This book is a compilation of the collaboration, research findings, and best practices that Doug Christensen employed in his work. It delves into the strategic foundation of long-range facilities planning, outlines methods for organizing the effort, and touches upon the role of life-cycle planning in the overall total cost of ownership model. The goal of this book is to share these findings and to help the next generation of facilities professional benefit from his life's work. **(A779)**
