## APPA Rolls Out Bold New Strategic Plan

Many changes are transforming our profession at an accelerating pace. The APPA Board of Directors, led by President Don Guckert of the University of Iowa, wants to make sure that APPA is ready to prepare for those changes. On August 5, the Board adopted and launched APPA's new strategic plan. The plan provides a framework that will guide APPA as we sharpen our focus on continuous learning and networking/community building, strengthening our core, and building organizational capacity to meet our members' evolving needs.

## Become an APPA Officer: Nominations for 2019 Now Open

Strong and steady volunteer leadership is one of the core forces making APPA the association of choice for educational facilities professionals. Consider becoming a candidate for an elected APPA office. Elected officers gain valuable leadership skills and a chance to develop professionally in many meaningful ways, and being an officer provides a major opportunity to give back to the entire profession. There are five elected officer leadership positions, only one of which will be on the 2019 ballot:

### **\*\* President-Elect**

Consider nominating yourself—or others—for the position that best matches your passion and areas of expertise. [To learn more click here.](#) All applications and nominations for APPA office are due no later than **December 10, 2018.**

## Campus Sustainability Month

Held every October, **Campus Sustainability Month** is an international celebration of sustainability in higher education. Throughout the month, colleges and universities organize events on campus and elsewhere to engage and inspire incoming students and other campus stakeholders to become sustainability change agents. These events include teach-ins, sustainability pledge drives, zero-energy concerts, waste audits, green sporting events, letter writing campaigns, service projects, and much more!
