FACILITIES CALENDAR OF EVENTS

Three New APPA Publications to Choose From!

January/February Facilities Manager Published

Outsourcing is the focus of the lead feature in the January/February issue of Facilities Manager, which is in the mail and online. Freelancer Mark Crawford interviews Matt Adams, Dave Irvin, and Randy Ledbetter about the factors to consider when outsourcing your facilities services. Also in the issue are Glen Haubold and David Reynolds' CFaR report on recharge and recovery, as well as Chris Hodges' beneficial Economics of Facilities Management.

APPA Board to Meet Feb 2-3

The full APPA Board of Directors will hold its mid-year meeting at the APPA office on **Feb. 2-3**. Major topics of discussion will include finalizing the 2018-19 budget, selecting the slate of officers for the 2018 elections, and discussing the strategic plan. There will also be an orientation session for all incoming Junior Representatives.

2018-2019 Membership Renewal

It's that time of year again! Your 2018-2019 membership dues invoices will be sent out **mid-February** and will be available to your primary representatives through myAPPA. Keep an eye out for these invoices via email and USPS. ****invoices sent ONLY to the primary representative****

Send questions on your membership dues to membership@appa.org.

Winter Book Sale Underway!

Add some of APPA's great titles to your personal library, or share them with others in your department!

Simply use the coupon code **WINTER18** during checkout, and your entire order (before shipping) will be discounted 10% until February 28, 2018.

Upcoming APPA Webinar

February 21, 1-2pm (ET)

Nanogrid to Campus Microgrid - How Santa Fe Community College is Working with Local Community and Utility to Deploy a Microgrid

The program provides students with hands-on training with real-world software technology used by private and public utilities to operate the nations' power grid to manage alternative, renewable, and distributed energy resources, which are becoming increasingly prevalent across U.S. power systems. As a result, SFCC has developed not just an educational program, but an inherent fabric of the college.

Speakers: Henry Mignardot from Santa Fe Community College, Chris Kopach (moderator) from APPA, and Clark Wiedetz from [Siemens Digital Grid](#). Sponsored by [Siemens](#).

Ease Participate in These Valuable Surveys!

[APPA Standards and Codes Council Electrical Survey: deadline January 31.](#)
