

# New Products

New Products listings are provided by the manufacturers and suppliers and selected by the editors for variety and innovation. For more information or to submit a New Products listing, contact Gerry Van Treeck, Achieve Communications, 3221 Prestwick Lane, Northbrook, IL 60062, 847-562-8633, gvtgvt@earthlink.net.

**Carrier Rental Systems** asks, "Are you prepared if suddenly your building's heating, ventilation, air-conditioning or power systems were to break down for a lengthy amount of time?"

Carrier Rental Systems has designed a flyer to help facilities professionals create their own contingency plan. For more information or have a contingency plan flyer mailed to you, contact Carrier Rental Systems at 800-586-9020 or [www.carrierrentals.com](http://www.carrierrentals.com).

**Devcon** announces TrimBonder™, a new structural acrylic adhesive.

TrimBonder forms durable, permanent bonds on AZEK® Trimboards and other outdoor assemblies made of wood, urethane, or aluminum. It is UV-stable and waterproof, withstanding harsh weather without shrinking, yellowing, or otherwise discoloring. TrimBonder is also excellent for filling gaps and nail holes in AZEK boards. TrimBonder can be applied with a regular caulking gun and comes with a mixing nozzle to dispense the two-part adhesive quickly and easily. For more information call 800-933-8266.

**ShockWatch** introduces the EquipManager™. This device wirelessly monitors impacts, access, usage, and location of material handling equipment and fleet vehicles. OSHA and other safety regulatory compliance is ensured by an onboard, customer-configurable, pre-shift safety checklist with an audio/visual display that features a full user menu and text messaging. EquipManager reduces costs associated with damage and injuries caused by the improper use and operation of equipment, as well as the costs of maintenance and repair. EquipManager also increases operator productivity, maximizes equipment utilization, and creates a significantly safer work environment. For more information visit [www.shockwatch.com](http://www.shockwatch.com).

**Filmop** presents its new Morgan cart. Did you like playing with LEGOS®? Meet the industrial version in Filmop's Morgan cart. The simple click-in-place system means no screws or tools required. Made of heavy-duty, closed-celled, impact-resistant plastic, there are five models and hundreds of different configurations for any cleaning environment. Easy convertibility changes the configuration in minutes, and the cart quickly collapses to fit in small closets. A unique storage drawer is an added feature. For additional details visit [www.filmopusa.com](http://www.filmopusa.com).

**illbruck acoustic, inc.** provides a ceiling grid system in colors that match the company's ceiling tiles for a smooth, sophisticated look. The grids match the Hypalon® coating or natural colors of illbruck's HARMONI™, CONTOUR® and WHITELINE® ceiling tiles and SQUARELINE® metal ceiling tiles.

Standard colors include white, almond, grey, black and satin chrome. Custom colors also are available. illbruck's commercial-quality ceiling grid system features standard 15/16" capped grid face and a double web design for added strength. All components, main runners and high-profile cross-tees, are manufactured from hot-dipped galvanized steel for superior strength and stability. The grid can be installed easily in any drop ceiling application and works with standard ceiling tiles. For more information call 800-662-0032.

**Capital Safety** introduces the Protecta Compliance-in-a-Can™ now upgraded to a 5/8" lifeline and rope adjuster that will provide fundamental fall protection. Compliance-in-a-Can™ is a fall protection system available in a convenient container that includes a full body harness, shock absorbing lanyard with attached rope grab, roof anchor device, and 50-foot rope lifeline all conveniently packaged in a can which also acts as a counterweight. Compliance-in-a-Can™ complies with OSHA and ANSI standards. Call 800-328-6146 for additional information. 🏢
