

EnergyCAP.

EnergyCAP releases its new fully online energy management software. The software, called EnergyCAP Express, enables small to mid-size organizations such as colleges, universities, and multi-site properties to perform energy and greenhouse gas analysis, auditing, tracking, benchmarking, and reporting, completely online. Thanks to convenient dashboards and embedded Help videos, users can get started quickly and easily without the need for in-house IT or engineering resources. Large organizations with more sophisticated energy information needs can use EnergyCAP Enterprise. A free trial of EnergyCAP Express is available at www.EnergyCAP.com.

Shark Pressure Washers introduces their most user-friendly gas-powered cold-water series to date; the new Aluminum Series. Du-

rable and easy to handle, these pressure washers are ideal for commercial facilities. Featuring an innovative frame shape, lightweight design, and ideal weight distribution that make them incredibly easy to push or pull, even through grass, gravel, and mud. Three models make up Shark's new Aluminum Series, ranging from 2.5 GPM at 2700 PSI to 3.8 GPM at 3500 PSI. For further information, visit Shark Pressure Washers at www.sharkpw.com. 

New Products listings are provided by the manufacturers and suppliers and selected by the editors for variety and innovation. For more information or to submit a New Products listing, e-mail Gerry Van Treeck at gvtgvt@earthlink.net.
