

viewing window to signal when a room is in use or vacant. Under emergency circumstances, an emergency key has override capability to unlock a door from the outside via an exposed external slot. For in-depth information please contact Arrow Lock at [www.arrowlock.com](http://www.arrowlock.com).

**FMC Professional Solutions** launched FireAnts101.com, a new website teaching schools the latest ways to expel fire ants. Fireants101.com provides tools to help school facility managers and pest professionals understand fire ant biology and control, prioritize treatment areas, and calculate costs. And while supplies last, the site is offering schools a free sample of the new Talstar® XTRA granular insecticide, which eliminates fire ants in as little as minutes while providing three months or more of residual control.

Talstar XTRA also controls other surface-feeding pests like fleas, ticks, chinch bugs, earwigs, scorpions, and more. For further information visit FMC Professional Solutions at [FireAnts101.com](http://FireAnts101.com).

New Products listings are provided by the manufacturers and suppliers and selected by the editors for variety and innovation. For more information or to submit a New Products listing, e-mail Gerry Van Treeck at [gvtgvt@earthlink.net](mailto:gvtgvt@earthlink.net).
