Rubbermaid Commercial Products (RCP) announces the Rubbermaid HYGEN™ Clean Water System. The new Rubbermaid HYGEN Clean Water System is the only floor cleaning system to feature a unique water filter that’s integrated into the mop bucket to generate clean water, resulting in a cleaner mop and floor. The integrated water filter improves cost-in-use and sustainability by reducing water and chemical usage and increasing worker productivity, saving a typical facility about $6,000 a year in labor costs. To learn more visit www.rubbermaidcommercial.com, or e-mail education@rubbermaidcommercial.com.

Bacharach Inc., a USA manufacturer serving the HVAC/R industry is pleased to announce the release of new Portable Gas Monitors available in two models, the Comfort Chek™500 and the IEQ Chek™ Series. The Comfort Chek™500 is a lightweight handheld Carbon Dioxide (CO2) air quality monitor equipped with a stable (CO2) IR sensor that measures and displays 0-5,000 ppm, in addition to temperature and relative humidity sensors. The Comfort Chek™500 is economical and easy to use and includes features such as long run time (up to 24 hours), datalogging (up to 26,000 data points) and a USB output for remote data download with IQ Chek™ Datalogging Management Software. For greater detail and additional information on IEQ Chek™ visit Bacharach Inc. at www.mybacharach.com.

Action Floor Systems Action Floor Systems offers the Action ChannelFlex Ultra, that provides uniform shock absorption and ball bounce. By incorporating channel components into the subfloor structure itself, the ChannelFlex Ultra system ensures uniformity from panel to panel, something that sectional channel systems don’t deliver. The subfloor system also incorporates an anchoring retention design that eliminates the potential for galvanic action. The unique anchoring system limits anchor failure and prevents materials from binding, dramatically reducing or eliminating annoying squeaks. Combined with Action’s ProAction Natural Rubber pads, this system delivers outstanding performance. Channel Flex Ultra meets or exceeds all domestic and international performance requirements for EN, ASTM, PUR, and DIN certifications. For more information, please visit Action Floor Systems at www.actionfloors.com.

Pro-Tech introduces five new Sno Broom attachments for skid steers and compact tractors. Sno Brooms minimize the potential for damaging surfaces and they excel at removing snow against curbs and walls as well as other hard to reach areas. Skid Steer models are available in 60, 72, and 84 inch broom widths.

Fred Gratto, assistant director of facilities, University of Florida, has written a new book 13 Things Rock and Roll Can Do for You. Rock and Roll is a huge part of our lives. It accompanied us on first dates, got us through college and introduced us to bad hairstyles. But it has more to offer than good times and great tunes. Buried in the lines of many rock songs are the greatest truths in life. Rock and Roll offers wisdom to help navigate life’s most complicated issues. Explore them in 13 Things Rock and Roll Can Do For You. For additional details visit Amazon at www.amazon.com.
and come with a universal coupler for attaching to equipment with various hydraulic flow ratings. Additionally they can be hydraulically angled 30 degrees left or right. For in depth information please contact Pro-Tech at www.protechcorp.com.

Rite-Hite Fan’s Rite-Hite Fan’s new Fan-Commander™ Control Station lets users control up to 18 Revolution® HVLS fans, maximizing the energy savings and comfort they deliver. The new touch-screen Fan-Commander™ control station is intuitive and easily programmed adjusting the speed of Revolution HVLS fans to match winter and summer conditions. During winter, the correct fan speed produces even temperatures from floor to ceiling for proven energy savings and increased employee comfort. An automatic and accurately controlled fan speed in summer results in a cool breeze when it’s needed most. With the Fan-Commander, users can optimize the year-round performance of strategically located Revolution HVLS fans throughout a single facility, maximizing the energy savings and comfort they deliver. For further information visit Rite-Hite Fan at www.ritehitefans.com.
