## Drive-In Workshop Calendar Announced

APPA's Drive-In Workshops are four-hour programs that provide a valuable training and network opportunity at the local level. The workshops allow APPA members to drive in mid-morning for several short educational sessions; advance their understanding of the latest facilities technologies and network with peers; and get back to their work and home quickly and conveniently with little, if any, travel costs.

The training is delivered by an APPA business partner that sponsors the cost of the workshop, while APPA member institutions serve as the host locations by providing sufficient meeting space (up to 70 registrants per location). Drive-In Workshops are scheduled at the following locations:

- March 7** – Skirball Cultural Center – Los Angeles, CA
- March 8** – University of Texas at Austin – Austin, TX
- March 16** – American University – Washington, DC
- April 17** – Washington & Lee University – Lexington, VA
- April 18** – Cuyahoga Community College – Cleveland, OH
- April 26** – Illinois State University – Normal, IL

Each workshop program is strictly an educational event with minimal vendor promotion or advertising. Topics are developed and speakers are identified in consultation with the host institution. For information and to register for the Drive-In Workshops, or to learn how your institution can serve as a workshop host, visit the APPA website at <http://appa.org/Training/Driveinprogram.cfm>.
