APPAN ANNOUNCES TWO COMPLETED CFAR PROJECTS

The Center for Facilities Research Advisory Council is pleased to announce the successful completion of two CFaR projects. The principal investigators for these projects received the CFaR Research Award at the APPA’s 2012 in Denver in July. Their reports are available on the CFaR website at www.appa.org/research/cfar. In addition, each of the researchers will prepare an article for a future issue of Facilities Manager. Congratulations to:

- **Gregory K. Adams, University of Wisconsin Milwaukee:** Relating Facility Performance Indicators with Organizational Sustainability in Public Higher Education Facilities
- **Erica L. Eckert, Kent State University:** Examining the Environment: The Development of a Survey Instrument to Assess Student Perceptions of the University Outdoor Physical Campus

SEE YOU IN MINNEAPOLIS IN 2013!

It isn’t too early to start planning to attend next year’s APPA Conference & Exposition. **APPA 2013** will be held **August 2–4, 2013**, in Minneapolis, Minnesota, with the **SFO Summit** on **August 1**. You won’t want to miss this exciting kickoff celebration for the association’s 100 years of service to the profession of educational facilities management.

APPAA’S MEMBERSHIP DIRECTORY—CONVENIENCE AND ACCURACY

As an APPA member, you can access the APPA members-only searchable database anytime through the APPA website. The membership directory is updated automatically to give you the latest contact information available – all available 24/7 for your convenience. All you need to do is log in, go to the Membership tab, then Membership Directory.

Along with the most current contact information about other members, you will also find information about APPA’s strategic plan, staff, programs, and structure. Advertising opportunities are also available in the membership directory.

You may also change your contact information listed in the directory through myAPPA, under myAccount. Or if you prefer, you can send an e-mail to Santianna Stewart, APPA’s membership and outreach manager, at santianna@appa.org.

APPAA U

SAVE THE DATE FOR APPA U!

**January 13–17, 2013**
Marriott Tampa Waterside
Tampa, FL

Join us this January for a week-long unique professional development experience devoted to the facilities professional. APPA U is designed with you in mind, and delivered by experts in our community! Enjoy the convenience of both the APPA Institute for Facilities Management and the Leadership Academy at one location.

Contact us at education@appa.org with questions as you prepare to join us in Tampa!
APPRA BOARD LAUNCHES STANDARDS AND CODES COUNCIL

By John Bernhards
APPA Associate Vice President

Recognizing APPA’s growing and increasingly important role in codes and standards development, the APPA Board of Directors approved the creation of a permanent APPA Standards and Codes Council during its July meeting in Denver.

The council replaces the existing Code Advocacy Task Force (CATF) which, within the last decade, has helped ensure that national and international standards and codes are appropriately written and applied to the needs of educational facilities and infrastructure. Significant contributions written and submitted by the CATF have been adopted over the years by the National Fire Protection Association (NFPA) and ASHRAE, among other standards development organizations. These contributions have created opportunities for educational institutions to significantly reduce costs in the hundreds of millions of dollars.

Migrating the work of the CATF into a permanent council will greatly expand APPA’s presence within the standards development community. It will also enhance APPA’s responsiveness to individuals and organizations seeking input on the needs of education with respect to new standards and codes. Additionally, creation of the council should support engagement of fellow professionals with codes setting responsibilities into standards development activities at both the APPA International and regional levels.

The mission of the newly formed APPA Standards and Codes Council is as follows:

• To promote codes and standards awareness and EDUCATION among APPA member institutions;
• Determine the IMPACT of existing and proposed standards and codes on educational institutions;
• INFLUENCE standards and code development processes and outcomes among standards development organizations, government agencies and—where practical—establish educational facilities standards on behalf of APPA members and the field of educational facilities;
• Display APPA’s LEADERSHIP on standards and codes, and seek pragmatic solutions to the needs and requirements of educational institutions; and
• Identify broad CONSENSUS among APPA’s institutional members, and seek appropriate representation in standards bodies at local, state, national, and international levels.

Information on the APPA Standards and Codes Council will be shared with participating APPA members.

FPI SURVEY NOW OPEN FOR 2011-12 DATA!

The 2011-2012 cycle of APPA’s Facilities Performance Indicators (FPI) is underway. Contribute your data today! Participating in the FPI survey helps your institution make the business case for its facilities’ needs, successfully address capital asset realities, compare your facilities operations with other institutions, and more. This year’s survey is enhanced with the ability to answer questions for Detailed or Express version from the same screen. While the deadline doesn’t close until early December, the earlier you start, the more time you’ll have to give your operations the critical analysis that the FPI fosters. Access to the FPI survey and report is free for all participating APPA members.

INTERVIEWS FOCUS ON THE NEED TO ELEVATE FACILITIES PROFESSIONALS AND THE CURRENT STATE OF DEFERRED MAINTENANCE

• Are we having too many conversations about deprecia-

• Are there any personalitay traits that unify facilities professio-

• Do you see a time when physical classrooms become obsolete?
APPNA Executive Vice President Lander Medlin answers these questions and others in an interview published in the July/August issue of Net Assets, the publication of the National Business Officers Association (NBOA). Read the interview at www.appa.org/news/membernews.cfm.

She was also interviewed in the July 2012 issue of College Planning & Management for the article, “The Deterioration of Our Nation’s Colleges.” Read the interview at http://www.peterli.com/cpm/archive.php?article_id=3476.
GET YOUR CAREER ON TRACK FOR SUCCESS—BECOME APPA CERTIFIED!

Register Today for the Credentialing Prep Course for both CEFP & EFP:

- September 28, Vancouver, BC, Canada
- October 13, Lexington, VA
- October 17, Minneapolis, MN

Do you get the recognition you deserve for your management expertise? Obtaining your Certified Educational Facilities Professional (CEFP) credential or Educational Facilities Professional (EFP) certificate is an excellent way to advance your career or invest in the success of the staff you manage. New training innovations, such as the credentialing prep manual and online credentialing exams, make it even easier to access training and testing to obtain the certification or credential that’s best for you.

Get credit and accredited for all your hard work! Learn more about becoming APPA certified. Make plans now to advance your career by attending one of upcoming APPA Credentialing Prep Courses. To learn more visit http://credentialing.appa.org.

APPA Congratulates EFP & CEFP Recipients

The following professionals have successfully completed the requirements for APPA’s CEFP and EFP credentials, from February 1 to June 30. Congratulations on their personal accomplishments!

CEFP Recipients
- Emmet Boyle, University of Regina
- Dave Button, University of Regina
- Lynn Fletcher, University of Colorado/Boulder
- Brian Guns, University of North Carolina/Charlotte
- Susan Hopper, Michigan State University
- Jim Jackson, University of Nebraska/Lincoln
- Casey Martin, Jacobs Engineering
- Lynn Rotoli, University of Pennsylvania
- Matthew Yencha, Moravian College

EFP Recipients
- Suzanne Alchin, Michigan State University
- Mary Alford, University of Colorado/Boulder
- Sarah Ely, University of Michigan/Ann Arbor
- Seth Ferriell, SSC Service Solutions
- Paul Guttman, University of Michigan/Ann Arbor
- Lowell Hanson, University of Michigan/Ann Arbor
- Kevin Kuretich, University of Michigan/Ann Arbor
- John Lawter, University of Michigan/Ann Arbor
- Steve Pflipsen, University of Colorado/Boulder
- Richard Robben, University of Michigan/Ann Arbor
- Mary Romano, University of Colorado/Boulder
- Jacob Sabins, Michigan State University
- Catherine Schainman, The Catlin Gabel School
- Daniela Sousa, University of Massachusetts Dartmouth
- Tressa Wahl, Michigan State University
- Lynette Wright, University of Michigan/Ann Arbor
We can learn a lot from each other.

Introducing our Think Green® Campus Model.

Waste Management has worked closely with some of North America’s leading green colleges and universities to help them meet their ambitious environmental goals. What we’ve learned in the process, using proven best practices from the industries we serve, has become our Think Green Campus Model: a scalable, customizable approach to maximize material recovery, manage waste diversion and reduce your institution’s impact on the environment.

The model is a comprehensive framework for action. It can help you assess your university’s carbon footprint, optimize efficiency, foster a culture of sustainability on campus, and drive toward the ultimate goal of zero waste.

To learn more about the Think Green Campus Model, please call Herb Sharpe, Corporate Director of Education, at 866 746 2180.

Go to wm.com/wm/greencampus to download our brochure, “In Pursuit of Zero Waste.”
