ENVIRONMENTAL MANAGEMENT GUIDE FOR EDUCATIONAL FACILITIES

Co-Published by APPA and the Campus Safety Health and Environmental Management Association, Published 2017; Softcover, 210 pages; Member: \$66.00, Nonmember: \$81.00

Colleges and universities are environmental leaders in teaching, research, and sustainability. Institutions need to be vigilant to the importance of environmental laws and regulations and to allocate the resources

required for compliance. Additionally, environmental compliance has proved to be a moving target.

Since 1996, APPA and CSHEMA, the Campus Safety Health and Environmental Management Association, have collaborated to produce guidance documents to help educational facilities overcome the challenges of environmental compliance.

THE BUILDING COMMISSIONING HANDBOOK, THIRD EDITION

Co-Published by APPA and The Building Commissioning Association, Published 2017; Softcover, 348 pages; Member: \$75.00, Nonmember: \$95.00

This third edition of The Building Commissioning Handbook captures the many changes in the building market that are—and will continue to be—advancing and accelerating the role and value of commissioning. The design, construction, operation, and optimization of increasingly complex building systems and assemblies requires unique and expanding skill sets along with broad and deep knowledge of building science.

Produced by APPA and the Building Commissioning Association, this handbook provides a sequential, phase-based approach to the building commissioning process for all who have a stake in understanding, participating, and delivering properly functioning higher education and other commercial and institutional facilities.

GROWING WEEDERS INTO LEADERS

By Jeff McManus, Published 2017; softcover, 128 pages; Member: 14.00, Nonmember: 17.00

Jeff McManus describes the joys, the defeats, the brilliant problem-solving and the “best laid plans” that are proven worthless...until the bigger picture is told. It is the “bigger picture” told from the ground level. Growing Weeders into Leaders takes you through the practical applications of empowering people to experience not only what it means to grow outstanding landscapes, but also to grow greatness in themselves and encourage it in others. ☺

COMING IN NOV/DEC 2017

- Internship Program at CU Anschutz Medical
- Student-Engagement and Partnering at the University of Arizona
- 2017 Thought Leaders Report, Part 2

About APPA

APPA promotes leadership in educational facilities for professionals seeking to build their careers, transform their institutions, and elevate the value and recognition of facilities in education. Founded in 1914, APPA provides members the opportunity to explore trends, issues, and best practices in educational facilities through research, publications, professional development, and credentialing. Formerly the Association of Physical Plant Administrators, APPA is the association of choice for more than 13,000 educational facilities professionals at more than 1,500 learning institutions throughout the United States, Canada, and abroad.
