

2018 APPA Chapter Conferences Announced

APPA's state and local chapters

continue to grow and thrive. They serve as a grassroots entry point to the world of APPA and educational facilities management, especially for those facilities professionals new to their institutions or are not able to travel far to attend a regional or international APPA conference or to APPA U. Networking, educational content, and campus tours are each an integral part of each chapter's conference.

APPA AND SAME ANNOUNCES NEW ALLIANCE

APPA and SAME, the Society of American Military Engineers, recently announced the formation of a strategic al-

liance that will expand training, information, and collaboration between facilities engineers, architects, operations, maintenance, and construction professionals within both the military and educational campus communities. The APPA-SAME alliance will bring support to transitioning military officers and personnel by providing access to APPA's professional development opportunities and career credentialing services. Additionally, the alliance will support exiting military personnel in their search for career opportunities at colleges, universities, and K-12 school systems. For instance, APPA allows all SAME members to submit their resume to APPA's Resume Bank at no charge. More services and activities will follow.
