

AVMOR LTD. provides EP50 Cleaner Disinfectant, designed for use in schools, hospitals, long-term care facilities, and for cleaning pet kennels. It is a safe, green-certified cleaner disinfectant. Used properly, it can kill 99.99 percent of the following bacteria within 5 minutes: *Staphylococcus aureus*, *Salmonella choleraesuis*, and *Pseudomonas aeruginosa*. To use, clean surface, removing solid debris and bodily fluids. Apply EP50 with a spray bottle, then clean surface with a cloth or mop. Allow surface to air dry. Easy to use, providing a more complete clean. For further information on Avmor visit www.avmor.com.

AFFLINK advises that this is a good time for school and health care administrators as well as building owners and managers to start evaluating their building goals and purchasing practices.

This way you can plan for the future and find ways to streamline procurement and reduce costs. AFFLINK is a global leader in supply-chain management, providing innovative process and procurement solutions for today's leading businesses.

Connecting more than 300 distributors and 250 suppliers covering various market channels, AFFLINK is just what its

name suggests—a critical link offering clients innovative products, market expertise, and improved profitability, all of which is fueled by our leading-edge information technology. For more information on AFFLINK visit www.afflink.com.

New Products listings are provided by the manufacturers and suppliers and selected by the editors for variety and innovation. For more information or to submit a New Products listing, email Gerry Van Treeck at gvtgvt@earthlink.net.
