

**WIEGMANN** offers the WA series of NEMA 4X-rated electrical enclosures with screw covers. These stainless-steel enclosures offer protection for electrical components in a variety of harsh environments. Wiegmann's WA series NEMA 4X screw cover enclosures feature 304

stainless-steel construction with continuously welded seams that are ground smooth. Covers include closed cell, oil-resistant neoprene gaskets. Stainless-steel screws thread into sealed wells to maintain a superior seal. This enclosure design is intended for use as a wiring box, junction box, pull box, or terminal box. The enclosures are free of standard holes or knockouts, ensuring that the units are sealed against liquids or dust in a variety of outdoor or corrosive indoor applications. For further information on Wiegmann visit [www.hubbell.com/wiegmann/en](http://www.hubbell.com/wiegmann/en).

**MATS INC.** introduces its newest adaptation of the most sustainable multipurpose sports flooring, with additional features

and colors inspired by the latest trends for school sports teams. The new MultiLino collection offers the same professional sports performance and durability as the prior collection, with a new lower cost and lighter-weight materials for quicker installation. MultiLino was engineered to provide a safe playing surface for athletes while resisting damage from tables, chairs, high heels, and street shoes during nonsport school or community events. For more information on Mats Inc. visit <http://matsinc.com>. 

New Products listings are provided by the manufacturers and suppliers and selected by the editors for variety and innovation. For more information or to submit a New Products listing, email Gerry Van Treeck at [gvtgvt@earthlink.net](mailto:gvtgvt@earthlink.net).
