

orchard prunings, and more. As the grapple is electric, no auxiliary hydraulics are required to operate the grapple clamp. An industrial-duty 12-V linear actuator with an 8-in. stroke operates the grapple clamp. The grapple is supplied with a wiring harness for direct connection to the tractor's battery, and a prewired rocker switch controls the grapple's linear actuator. The 28.5-in.-wide single upper grapple and lower 49-in.-wide rake have tines made from 3/8-in. material. Both the upper grapple and lower rake feature gripping notches to help retain loose materials.

The ESCG-48S model is designed for loaders with the "universal" skid steer quick attach system. The ESCG-48JD model is for loaders that use the John Deere hook and pin-type quick attach mount, allowing the operator to easily change from the bucket to the grapple. addition of embroidery as a customization option. VSafety has been successfully offering a vast range of customizable hi-vis clothing and personal protective equipment since its launch. The latest addition of a much larger general workwear collection from well-known clothing brands including Gildan, Regatta, Fruit of the Loom, and Portwest, as well as the introduction of embroidery as a customization option, fills the gaps in the company's workwear portfolio. This allows customers to place their workwear, hi-vis, and personal protective equipment (PPE) orders with just one low-cost supplier—saving time, money and a lot of hassle. For more information about VSafety visit [www.vsafety.co.uk](http://www.vsafety.co.uk)

New Products listings are provided by the manufacturers and suppliers and selected by the editors for variety and innovation. For more information or to submit a New Products listing, email Gerry Van Treeck at [gvtgvt@earthlink.net](mailto:gvtgvt@earthlink.net).

**VSAFETY**, the United Kingdom's lowest-price specialist for essential health and safety products, announces a threefold increase in its customizable workwear product range and the
